

The Feather River Stewardship Coalition (FRSC)

Dedicated to restoring and maintaining forests and watersheds, and community vitality in the upper Feather River watershed.

Zach Browning

The FRSC Boundary

Background

Formed out of the
Quincy Library Group

Historically a space for
the Forest Service and
local partners to
leverage resources

Hiatus resulting from
COVID and the Dixie Fire

Reinitiating the FRSC

Successes and Challenges

Successes:

- ? Desire for collaboration and multi-benefits
- ? First multi-partner proposal for upcoming SNC's Wildfire and Forest Resilience Program
- ? Formation of a Steering Committee
- ? Consistent general meetings
- ? Field tours

Challenges:

- ? Balancing vision with setting achievable goals
- ? Staffing changes on the Plumas NF
- ? Loss of co-facilitator and low staffing capacity
- ? Waxing and waning engagement

Building Capacity and Next Steps

- ? Recently awarded funding from the Bureau of Reclamation WaterSMART Program for staffing support
- ? Funding support from the Feather River Resource Conservation District via the Regional Forest and Fire Capacity Program
- ? Charter refinement
- ? Development of an Memorandum of Understanding
- ? Creating a program of work for the FRSC to act as a collective roadmap
- ? Identifying and advancing achievable project(s) for the FRSC to support
- ? Deepening relationships and building trust across partners
